Keep warm and calm injured person. If patient is not breathing, apply artificial respiration. Seek medical treatment immediately.

### After contact with skin

In case of contact with skin wash off immediately with soap and water. Do not use solvents or thinners. Consult a doctor if skin irritation persists.

#### After contact with eyes

Remove contact lens. Rinse immediately with plenty of water, also under the eyelids, for at least 15 minutes. Seek medical treatment by eye specialist.

#### After ingestion

Do not induce vomiting. Rinse mouth. Never give anything by mouth to an unconscious person. Summon a doctor immediately. Induce vomiting only upon the advice of a physician.
